ADOPT A SCHOLAR CORPORATE CHALLENGE

You can make a difference by sponsoring at least one student to attend the 6th Annual Project Fibonacci® STEAM Leadership Conference

WE NEED YOUR HELP

2024 Adopt a Scholar Campaign

We invite you to participate in helping local students attend the 6th Annual Project Fibonacci® STEAM Leadership Conference. In 2023, through the support of local organizations, sponsors, donors, and schools, all our STEAM Scholars had their tuition fully covered. We are thrilled to continue this meaningful initiative in 2024 and look forward to your valued involvement.

The conference equips students with essential skills for the workforce, focusing on crucial soft skills like leadership and communication. By investing in our youth, we aim to inspire the next generation to stay in our community and pursue their academic and professional goals, creating a lasting positive impact.

Your tax-deductible donation will cover the all-inclusive tuition for these deserving scholars, giving them access to invaluable learning opportunities. Let's unite to empower our future leaders and shape a brighter tomorrow.

As business leaders, we have an obligation to our employees and community to help create a brighter future. One day to this is by sponsoring your employees' children, interns, or anyone you feel would benefit from attending the 2024 STEAM Leadership Conference. The company with the highest number of students sponsored will receive wide media recognition plus complementary passes to our celebrity/guest speaker and social networking events.
