

4TH ANNUAL STEAM WOMEN RISING SYMPOSIUM

March 9, 2026

The Beeches Manor

4TH ANNUAL STEAM WOMEN RISING SYMPOSIUM MARCH 9, 2026 • THE BEECHES MANOR • ROME, NY

The annual STEAM Women Rising Symposium brings together 200+ students and educators for a transformative day of inspiration, exploration, and empowerment. Designed to connect students with real-world opportunities, your support ensures every student can attend at no cost.

New for 2026: Introducing HERizon Hubs—interactive mini sessions that replace the traditional panel format. These hubs combine the impact of a panel discussion with the reach of a college and career fair, offering students hands-on experiences, exposure to a broader range of career and skill pathways, and meaningful connections with local female leaders and peers from multiple districts.

Your support directly fuels this expanded experience—opening doors, strengthening workforce pipelines, and empowering the next generation of women in STEAM.
