Tap Into STEAM is an annual fundraising event that brings together community members, businesses, leaders, and supporters to help expand access to STEAM education, opportunity, nonprofit collaboration, and future workforce initiatives across Central New York.

This year, we invite you to help us celebrate 10 years of innovation, learning, and impact through the Project Fibonacci Foundation. What began as a small drone camp has grown into a decade of immersive programs, leadership experiences, and opportunities that have helped students and community members across our region grow, connect, and build meaningful futures within our region.

At the heart of our mission has always been a simple goal: to inspire students, families, and community members to live, learn, thrive, and build meaningful futures right here in our region.

To mark this milestone, our annual Tap Into STEAM fundraiser has transformed into Tap Into STEAM Goes Gold — a special anniversary celebration featuring stories, memories, and moments that honor the students, families, partners, and supporters who have helped shape the Project Fibonacci Foundation over the past 10 years, alongside live music, raffles, auctions, food, drinks, and more.
