

Winter Food Distribution Location Changes

Community Coming Together is moving its drive-through food distributions indoors for the winter to help protect participating families and volunteers from snow, ice, and extreme temperatures.

STARTING DECEMBER 2026 • SECOND FRIDAY OF EACH MONTH

Arriving by car? New winter location

Drive-through distribution will move to an indoor hangar near Griffiss International Airport in Rome. Vehicle participants should no longer go to the church parking lot for winter drive-through service. Cars arriving there will be redirected to Griffiss.

Walking to the distribution? Same location

Walk-up food distribution will continue at Sacred Heart Parish / St. John the Baptist Church, 210 E. Dominick Street, Rome. A dedicated volunteer team will remain at the church to serve neighbors without transportation.

When will distributions take place?

The regular schedule remains the second Friday of every month, including December 2026 through March 2027.

Details still to be announced

The exact Griffiss hangar location, distribution hours, and traffic instructions will be shared before the December distribution. Please watch for updated information before traveling.

Neighbors helping neighbors since 2020

Community Coming Together is supported by Sacred Heart Parish / St. John the Baptist Church, the Catholic Daughters, the Project Fibonacci Foundation, the Food Bank of Central New York, ANDRO Computational Solutions, and a dedicated network of volunteers and community partners.
